## Featured Course

**ELEVATE:** Community Transformation – This course will equip you with practical, life-giving evangelism and discipleship tools. It's about living into our Christ-given authority in all dimensions—physically, mentally, emotionally, spiritually and socially. We'll learn about the values, principles, and materials for transformational community based development and then have opportunities to put them into practice. Neighborhoods will be revitalized through people living the holistic gospel of the Kingdom.

Teacher - Russ Gosslin. Russ is a local businessman and entrepreneur who launched the Elevate initiative starting with Queen Palmer Elementary School in 2006. We have seen great fruit through this local outreach, and ELEVATE is now expanding through key partnerships in that neighborhood, like Boulder Street Church, Mission Medical Clinic and Faith Partners. Russ has pioneered faith communities, cutting edge businesses and is now focused on how to bring lasting transformation into our community.

Check out the bulletin insert for new and exciting NLU courses starting Wednesday March 4 and Sunday March 15.
